### Details:

Discover this exclusive penthouse project in Puerto de Andratx – a truly rare investment opportunity in one of Mallorca's most prestigious and sought-after areas. This unique property allows the future owner to combine a second-floor apartment with a third-floor penthouse, creating a luxury residence of 242 sqm spread across 3 private levels.

The layout can be configured to include 3 elegant bedrooms, 3 full bathrooms, a bright open-plan living area with kitchen, and a master suite on the top floor offering privileged sea views. Thanks to its ideal south/southwest orientation, both indoor and outdoor spaces are bathed in natural light throughout the day.

One of the highlights of this project is the spectacular 96 sqm private rooftop, with the possibility to build an infinity pool and chill-out area with panoramic views of the sea and harbor. There's also the option to add a covered balcony on the third floor – perfect for al fresco dining or enjoying Mallorca's sunsets year-round.

The location is unbeatable: just two minutes' walk from the sea and small coves, and within easy reach of top restaurants, exclusive boutiques, and all the amenities of the port – all in a quiet, highly desirable residential area.

The property features air conditioning (hot/cold), natural stone floors, large windows, and a solid structural base – ideal for a custom high-end renovation. Furniture is not included. The sea views are simply breathtaking, making this a secure investment with strong value appreciation potential.

### Location & surrounding area:

Port d'Andratx is one of the best-known natural harbours in Mallorca, once a modest fishing village which, over the years, has become one of the most popular and exclusive areas on the island with its exceptional villas, luxury hotels and nautical activities and numerous high-quality gourmet restaurants serving every kind of international delicacy.

Apart from its bars, boutiques and restaurants Port d'Andratx is surrounded by wonderful Mallorcan nature, including the bathing bays of Cala Llamp, Cala Moragues, and Cala d'Egos offering pure relaxation. The fishing way-of-life of the harbour, however, has never been displaced and in fact is expanding, reflected in the fish market which takes place after the arrival of the fishing boats at the pier.

There are also monuments in the harbour of great historic and architectural interest, such as Sant Carlos on the pier, or the defensive towers.

The unforgettable sunsets and the unique flair which make the area so unique can best be celebrated at the end of the day accompanied by an enjoyable glass of wine at the side of the harbour.
