## Details:

In a dreamlike location in Sant Elm, one of the most charming coastal towns in the southwest of Mallorca, a premium residential complex with only 20 units is being built – nestled in Mediterranean nature, facing the island of Dragonera, with views of the turquoise sea. Sant Elm enchants with its Ibiza-like flair, small restaurants, charming boutiques, and a pleasantly tranquil atmosphere. Here, you can experience the authentic Mallorca – full of natural beauty and character.

This high-quality new development includes 8 penthouses, 8 garden apartments, and 4 duplex apartments with garden and roof terrace. It offers generous outdoor areas, a stylish communal pool, private carports, and is being built by a renowned developer with great attention to detail. The architecture focuses on natural tones, lightness, and durability – all in the spirit of Mediterranean elegance.

The penthouse offers approx. 95.52 sqm of constructed living space on one level, with three bedrooms and three bathrooms, two of which are en suite. The bright open-plan living-dining area with island kitchen opens onto a 21.72 sqm terrace. A true highlight is the 94.74 sqm roof terrace, offering breathtaking sea views over the bay of Sant Elm.

### **Location & surrounding area:**

Sant Elm is surely one of the most flourishing areas on the island, and in the simple former fishing village an exceptionally pleasant flair has been created. It has a population of only 500 and so is very suitable to be visited for a tranquil bathing and hiking holiday. Views over the bay are dominated by the 4 km long island of Dragonera, which rises out of the water like a sleeping dragon. Famous for its fresh delicacies and incredible sunsets, Sant Elm also offers the possibility to live privately but without having to forego convenient access to well-known places. Only 10 minutes drive away, for example, is the popular harbour of Port d'Andratx, and the island-capital Palma can be reached within 30 minutes.
