## Details:

Have you always wished for a very special finca situated absolutely tranquilly and offering fantastic panoramic views? Then this object is perfect for you. Standing on a plot of approx. 59,000 sqm, this fantastic finca nestles in the midst of a Mediterranean landscape near Es Carritxo. It was built in 2022 using only the highest-quality materials, and is characterized by its unique architecture and light-flooded rooms.

The majestic property is reached via an impressive driveway, and is accessed into a generously-sized entrance area which is stylishly clad in wood. This leads into an openly-designed living/dining area with a modern fireplace which also serves as a room divider, providing a very pleasant atmosphere of well-being. Natural tones, floor-to-ceiling windows, and high ceilings create a light feeling of spaciousness. Adjacent to the living/dining area is the very high-quality and fully-equipped kitchen, from where there is direct access to the terrace.

Both a staircase and the convenient lift lead to the upper level with 2 bedrooms, each with en-suite bathroom, and the spacious master suite. The latter has a dressing area and a bathroom en suite with shower and bathtub.

On the lowest level of the finca are 2 further bedrooms, also with bathrooms en suite, a 2nd living area with fireplace, and another 2 room which offer the possibility to become, for example, a bodega and a fitness area.

The exterior area delights with overwhelming panoramic views of the mountains. The garden has been landscaped in a Mediterranean style with palm trees and fruit trees, and also holds the large infinity pool and a separate adjacent barbecue area.

Further luxurious features of this unique finca include air conditioning, underfloor heating and a double garage with 2 charging stations for electric vehicles.
