Location & surrounding area:

Ses Salines is one of the nicest and oldest villages at the southeast coast. The image of the village is characterised by cosy bars and restaurants, where Majorcans and tourists have their “café con leche” while enjoying the sun.

It is a typical Majorcan village that was named after its saline from the era of the Romans. Salt is reaped till this day. The “talaiots”, remains of a prehistoric settlement are also historically very interesting.

Many small bays as Cala Llobards or the dreamlike natural beach of Es Trenc is only a short drive away. You can also discover the beautiful flat landscape by bicycle.
