Details:

This unique village house has been extensively renovated using high-quality materials and great attention to detail. The refurbishment successfully combines traditional Mallorcan character with modern living comfort. Natural stone walls, exposed wooden beams, and carefully selected finishes create an authentic yet elegant atmosphere throughout the property.

The ground floor features a spacious living area with high ceilings, a dining room, and a fully equipped kitchen. From here, there is access to a terrace leading to the garden. The lower level offers a small swimming pool with a sun terrace, a sauna, and several storage rooms.

A natural stone staircase leads to the first floor, where 2 generously sized bedrooms are located. One of the bedrooms benefits from an additional room that can be used as a dressing room or home office. This level also includes a bathroom and a utility room.

The second floor is dedicated to the master bedroom and features a dressing area, an en-suite bathroom, and a large terrace with pleasant views of the surrounding countryside.

Located in one of Mallorca's traditional villages, the property offers a peaceful setting with a high degree of privacy. Additional features include air conditioning, underfloor heating, double-glazed windows, natural stone flooring, and a traditional wood-fired bread oven. A parking space can be rented separately if required.
