Details:

This quietly-situated and typical Mallorcan town house in Sant Llorenç offers the possibility to be expanded by the construction of a second apartment on the upper floor with its own entrance.

Its current living space is distributed, on the ground floor, over 2 spacious living/dining areas with fireplace, a small storage room, 2 double bedrooms, a bathroom, a large 36 sqm sunny patio, and a small separate garage.

A separate staircase leads to the upper floor where there is space to construct 2 double bedrooms, a spacious living area and a bathroom. There is also a large sun terrace with views over the rooftops of Sant Llorenç.

In the tranquil patio there is also a small green area.

All-in-all an excellent opportunity to purchase a lovely property in a wonderful, quiet location with flexible expansion possibilities at a very fair price.
