Details:

This elegant project will be located in San Agustin, an area near Palma known for its beaches, boat club and port of Cala Nova and the relaxed atmosphere with many popular restaurants and cafes.

This impressive building has been designed by the well-known interior designer Jorge Bibiloni, who has recently completed several successful new productions in Mallorca.

This stunning design house will have a garden, swimming pool and a rooftop outdoor kitchen. The ground floor will have a large airy living room with open floor plan, design kitchen and a bedroom with bathroom en-suite. On the second floor there will be another 3 bedrooms and 2 bathrooms

Materials of the finest quality will be used for maximum comfort, combined with functionality and style.

Additional information: Underfloor heating, air conditioning, swimming pool, fully equipped kitchen, kitchen on the roof terrace and alarm system.

Location & surrounding area:

The bay of Cala Mayor goes along with the harbor of Porto Pi in Palma. It is a very busy place with many restaurants and boutiques and is also very famous for its animated night life. The highlight of Cala Mayor is the beach which has the same name of 1km longitude and is fine sandy, flat and with very clean water and is very famous for families. Above the bay of Cala Mayor the famous painter Joan Miró had his studio. Now the Miró museum is located there. This place is a very interesting holiday destination through its closeness to Palma throughout the year.
