Details:

Here is a golden opportunity to awaken this Mallorcan sea-view villa from its slumbers, and to create for yourself an attractive home in a prime location. The property was solidly and sturdily constructed in 1980 on an almost 1.000 sqm plot of land.

At present its approx. 280 sqm of living space is distributed over a large living/dining area with fireplace and gallery, a kitchen with utility room, 4 bedrooms, 2 bathrooms and a WC. From the living room and the bedroom balconies on the first floor beautiful sea views over the bay of Palma can be enjoyed.

Further features of the property include a pool, a garage, and central gas heating. In order to exploit the potential of this object both the house and the garden are in need of thorough renovation and refurbishment.

The property is situated in a prime location on the 2nd sea line not far from Palma and the airport, in an area with shops and restaurants, and an idyllic rocky bathing cove on the steep coast which is accessible in only a few minutes by foot.
