Details:

This stunning country house is situated near St. Eugenia, with good connections to Palma. The property is located on an approx. 14,000 sqm of plot of land with a living area of 600 sqm.

The ground floor is reached via the spacious entrance, in the left wing, the living and dining room and 2 bedrooms with an en suite bathroom. The right wing leads into the spacious kitchen with separate preparation area and a storage area. A corridor leads to two more bedrooms and a separate bathroom.

On the upper floor are the master bedroom with walk-in wardrobe, an office space and a luxurious master bathroom.

The kitchen leads onto the covered terrace with barbecue area and the Mediterranean garden and pool area.

Other highlights of this property are the oil-fired central heating, outbuildings with further rooms (currently a studio and fitness room) and storage facilities for several vehicles.

Location & surrounding area:

The inhabitants of Santa Eugènia still make their living from the agriculture, mainly corn and vine are cultivated. One advantage of this rural village in its elevated situation is certainly its proximity to the city of Palma, the two municipalities border one to the other.
