Details:

A stunning villa located in the prime region of Bonaire, home to luxurious houses, beautiful nature and smashing views of the sea and the mountains. Being on a slope, this property grants stunning views of its surroundings and conveys a feeling of comfort, tranquility and luxury. Built in 2008 and perfectly maintained over the years, it offers space, light and fresh air thanks to its minimalistic architecture.

There are 2 floors and a cellar, totaling 450 m² of living space. The double-glazed windows, the well-distributed air-conditioning and radiators guarantee absolute comfort throughout the year. The ground floor consists of 3 double bedrooms and 3 bathrooms, 2 of them en suite. The first floor has another double bedroom with an adjacent bathroom, along with a modern, fully equipped kitchen and a large living and dining area, where one can enjoy views of the rest of Bonaire and the sea. The spacious cellar offers a washing and a machine room, as well as a garage for 2 cars, a gym and 2 storage rooms. And the outside area is in no way inferior to the tastefully designed interior. A large wooden terrace with a barbeque area, a swimming pool with a jacuzzi set the stage for parties or plain moments of relaxation.

In total the property has 1100 m² and is part of a quiet and luxurious neighborhood yet still only a few minutes away from the beach and the lively city of Alcudia. The holiday rental licence makes this home an attractive investment option as well.
