The lowest level provides a spacious cellar with 120 sqm of additional usable space including a large garage, a practical work and storage room, and a functionally-equipped convenient laundry room,

In the external area is an approx. 40 sqm pool providing a relaxing and refreshing opportunity to cool off during the hotter summer months, together with an artificial turf area with integrated compact, heated pool which can be used all year round.

Location & surrounding area:

Alcudia, which in the Middle Ages was actually the original capital of Mallorca, offers one of the longest beach promenades of the island and has a correspondingly perfectly developed infrastructure, as well as some very interesting sub-areas that you should definitely be visited. Surrounded by an impressive city wall, the old town of Alcudia offers a strikingly clean and orderly appearance throughout and exudes a unique charm, especially at early evening. Many bars and restaurants of all type are spread over the town, and there is something for every taste. Also not to be missed is the extensive market on Tuesdays and Sundays. Alcudia, which is geographically situated on a peninsula but also offers two very interesting residential areas; Bonaire in the north and Aucanada in the south.
