Details:

This wonderful finca is situated between Santanyi and Cala Llombards. It has an imposing driveway lined on both sides by palm trees, and is within easy reach of the loveliest bathing beaches in the south-east.

A large reception area on the ground floor welcomes guests, and leads on to a double bedroom with en-suite bathroom. On this level is also a family kitchen with dining area, the comfortable living room and a guest WC. Through the floor-to-ceiling windows in the living area you can access the covered terrace with inviting seating areas and a ceiling fan.

The second floor houses 2 further suites, each with bathroom, air conditioning, and a private terrace offering wonderful sea and mountain views.

There is also a separate guest house with a lovely living area and a bedroom with bathroom en suite. It has air conditioning and a separate terrace.

In front of the charming seating area on the ground floor is the large pool situated in the exceptionally verdant garden, providing absolute privacy with the Mediterranean plants creating a real atmosphere of well-being. A small path leads to the separate, covered bbq zone. The special thing about this beautiful finca: the garden was laid out on the entire property, from the orchard to the private grass garden, there is something here for everyone's taste.

Next to the garden is a well and the solar energy system, which ensures hot water and heating. The whole house is fitted with underfloor heating and has a mains power connection. There is also a carport and an alarm system.
