Details:

This new town-house is under construction in Es Llobards, and is foreseen with a living space of almost 200 sqm of living space with a natural stone facade on the front and with a finished facade on the garden side.

The enchanting house is designed with an open and bright room concept. On the first floor, with high ceilings and a gallery, is the living/dining area with open kitchen with additional breakfast bar. The kitchen is fully-equipped with high quality fittings and electrical appliances, including a large "side by side" refrigerator, and leaves nothing to be desired. A guest WC completes this level. The living area has access to a beautiful garden where there is a saltwater pool providing welcome refreshment during the hotter summer months.

A staircase leads to the upper floor with a gallery which gives access to 3 bedrooms and 2 bathrooms, the master bedroom with en-suite bathroom. The master suite and another of the bedrooms open on to a spacious balcony, the ideal place to linger whilst enjoying a glass of wine in the evening.

Further features of this lovely property include a garage, high quality floors with underfloor heating via a heat pump, and air conditioning in all rooms.
