Details:

If you have dreamed of owning a finca in Mallorca close to the beach, then this unique property is exactly what you have been dreaming of!

Situated only a few minutes from the wonderful, turquoise-blue waters of the natural beach of Es Trenc, this stylish family villa stands on a plot of approx. 30.000 sqm in Sa Rapita. Its harmonious combination of Mediterranean architecture with modern design creates a real feeling of well-being, with light beige and natural tones, glass elements and traditional natural-stone causing it to stand out in modern elegance.

The main house consists of a large entrance area with a relaxing lounge, which has access to 2 separate wings. In the left wing is the comfortable living/dining area with fireplace, with an open, fully-equipped kitchen fitting communicatively into the overall design and providing ample space for the whole family. Housed in the right wing are 2 double bedrooms each with en-suite bathroom and fitted wardrobes. All rooms on the ground floor have access to an inviting terrace offering lovely views over the garden.

A staircase leads to the upper floor with a further 3 bedrooms, all with bathrooms en suite, and another living area. Two of the bedrooms also provide access to a private terrace from where wonderful panoramic views of the sea and Cabrera can be enjoyed.

The garden is lovingly laid out in a Mediterranean style, with palms and olive trees creating a real paradise. It will have automatic irrigation and a very large sun terrace inviting to enjoy the Mallorcan sunshine. An approx. 4 x 12 m pool will provide welcome refreshing dips during the hotter times of the year.

Also planned is a separate, around 150 sqm autarchic guest house with covered terrace and ample privacy.

Further features of this fantastic, newly-built finca include air conditioning and underfloor heating.
