Details:

Located in the midst of Mediterranean nature this enchanting, newly-built finca stands on land with an area of approx. 14.330 sqm. It was built in 2022 using only the highest-quality materials, and is characterised by the use of traditional Mallorcan natural-stone, appropriate metal elements, and a contemporary design. Its location is sensational, with turquoise-blue bays, restaurants and shops accessible in only a few minutes.

The visitor is received by an imposing entrance area leading into the ground floor with a comfortable living/dining area with fireplace where high window frontages flood the rooms with natural light. Natural materials and light colours assure an absolute feeling of well-being. There is an openly-designed kitchen, and on this level is also a spacious bedroom with en-suite bathroom and a practical utility room.

Stairs lead to the upper level with 3 further bedrooms with bathrooms on suite, 2 of which also have access to a private terrace with wonderful sea views.

The garden is lovingly laid out with Mediterranean plants creating a real feel-good oasis, and a 15.5 x 4.5 metre heated pool provides the opportunity for use throughout the year. An adjacent, covered bbq area provides the perfect shady place on hot summer days, and a comfortable chill-out zone invites to relax and enjoy with family and friends.

Further features of this very exclusive property include air conditioning, underfloor heating, and a double-garage with a separate bathroom.

The highest level of comfort and a special flair is guaranteed by this property, which can be optimally occupied all year round thanks to its perfect climatisation and ventilation.
