Details:

These 2 houses are offered for sale as one property. One of them could be immediately occupied, and has a valid touristic rental licence, and the second house is in need of interior completion and installations. After renovation the 2 properties could remain as separate units or could be joined together to form a single, very spacious house.

There is also ample exterior space with diverse terraces, and a large garden containing both sunny and shady places and the possibility to build a pool.

An approved construction project for 3 private parking spaces also exists.

This exceptional property presents an excellent investment opportunity, as it also offers the possibility to be converted into a luxurious town-house with ample outdoor space.

Location & surrounding area:

This lovely and picturesque village is situated at an altitude of 430 m in the Tramuntana mountains. The high valley has been a popular settlement area since prehistoric times. The Romans and Moors left their traces here. The most popular building is certainly the monastery “Cartuja de Jesús Nazareno”, in which Frederic Chopin and George Sand passed their famous winter months. The saint of the Island Santa Catalina Thómas was born here, and Archduke Luis Salvator of Austria, famous visitor of the Balearic Islands, constructed his beautiful residence Miramar in the surrounding area.
