Details:

The rich history of this exquisite village-house in Alaro dates from its construction in 1900. This jewel of a property impresses with its prime location in Alaró, with surrounding shops, bars and restaurants all only a short walk away.

It now awaits its new owners, having recently undergone extensive renovation turning it into an opulent property with 3 levels including the cellar area, with a generous living space of 800 sqm. This is distributed over an harmonious combination of 7 carefully renovated rooms including 5 bedrooms, each with its own bathroom, offering ample space for a large family and guests.

The loft level has also been wonderfully restored, and could easily become a further living area.

The main bedroom captivates with a lovely, very large sun terrace and offers ample space for a further living area.

Floors on the ground level are laid with large, sandstone-coloured tiles, whilst on the first floor parquet has been used under which underfloor heating has been fitted. All other rooms have oil-fired central heating. A special highlight is presented by the large garden with its 40 sqm pool offering welcome refreshment on hotter summer days.

This exceptional property is in excellent condition throughout and even has a cellar which could be configured as required, for example as a fitness room, wine bodega or billiard room. Here special care was taken to preserve the old walls, and the floor was laid with polished cement and granite.

There is also a garage with space for 4 vehicles and convenient access to the garden and the house.

Truly the perfect property for discerning buyers seeking a very high-quality and stylish domicile.
