Details:

This very modern semi-detached house is equipped with ample modern amenities, and is situated in the beautiful coastal area of Puig de Ros.

During its design great care was taken to assure the presence of ample natural light.

Other personal wishes of the new owners can be realized by a choice of 3 configuration variants, for example 3 or 4 bedrooms, or an open kitchen with adjoining living/dining area which opens on to the private garden and pool.

There is also a choice of different colour combinations for bathrooms, tiles and basic specification.

The location of the houses one behind the other assures privacy, and provides more garden space.

In a clear commitment to the environment, efforts have been made to save energy and to fulfil the strictest sustainability criteria. Large living spaces have been designed to ensure a high level of living comfort, with the integration of outdoor spaces with the interiors playing a major role here.

Truly a property which can be occupied all year round.
