For seasonal rent - Luxurious villa in Sa Ràpita

This villa with a large pool in the garden and a rooftop pool was built in 2023 and is located 5 minutes from the very famous, turquoise endless sandy beach Es Trenc.

This exclusive property offers a total of 3 bedrooms and 3 bathrooms, all of which are fitted with high-quality materials and state-of-the-art equipment. In the master bedroom with en suite bathroom there is an additional highlight - a beautiful free-standing bathtub and shower, with direct views of the pool and the town from the shower.

The flooring consists of tiles and marble and some walls of Mallorcan natural stone, which gives the house an elegant and appealing appearance.

The aluminum Bulthaup kitchen is modern and elegant, with the latest electronic kitchen appliances from Miele. A steam cooker/oven that cleans itself, a fully automatic coffee machine with 24 different types of coffee, a dishwasher with automatic dosing and Villeroy & Boch crockery and WMF cutlery & kitchen utensils. The bright Liebherr refrigerator has an automatic icemaker.

The spacious living room in soft sand tones with high ceilings and natural stone wall has an enormous glass front which can be opened completely to the pool, creating the feeling of a huge 'open air hybrid living room' of over 100 square meters.

All electronic devices, the air conditioning, the blinds and the gate to the property in the villa can be controlled with an app.

In addition to air conditioning, the entire villa is also equipped with a fresh air system that continuously exchanges the air in the house through a filter system. The high-quality doors, made in Germany, are soundproof and in calm and tasteful tones, offering a peaceful and private atmosphere.
