## Details:

This beautiful end terraced house was built in 2012 and has been lovingly maintained ever since. There is the possibility to build the same house again as the plot has over 1,300 sqm.

The location is without doubt spectacular!

Situated at the very top at the foot of the Randa mountain with spectacular views as far as the Tramuntana mountains.

As you enter the house, you are greeted by a large entrance area with a round arch. To the left is a bedroom and a bathroom on the first floor. Straight ahead is the spacious living and dining area and the outdoor area.

On the upper floor is the master bedroom with en suite bathroom, as well as 2 further double bedrooms which share a large bathroom.

All rooms are equipped with air conditioning and electric radiators. There is also a pellet stove in the living room.

The outdoor area is beautifully designed with different levels, several terraces, pool area, parking spaces and a garage space that would only need to be covered to have a closed garage.

All in all, a property with a lot of potential, spectacular location and dream views in one of the most idyllic villages in Mallorca.
