Details:

Just a few steps above the idyllic Cala Romántica, this detached finca-style house combines proximity to the beach with peace, privacy, and flexibility. The bay can be reached in only a few minutes via a short 200-metre path or around 50 steps.

The property is divided into two self-contained units that can be used together or separately. The upper floor offers a bright living and dining area, a modern kitchen, a double bedroom with access to a small covered terrace, a renovated shower room, and another room currently used as an office. From the living room you can step out onto a generous covered terrace of about 16 m² with unobstructed valley views.

The lower unit includes an open-plan living and dining room with integrated kitchen, a bedroom with en-suite bathroom, and direct access to a sunny terrace. A separate utility room with exterior access completes the space.

The plot of approx. 750 m² is planted with Mediterranean greenery and provides several terraces and seating areas. It consists of two parcels, which offer the option for additional construction – for example, a pool or another dwelling.

With its peaceful yet beachside location, open views and expansion potential, this property is a rare opportunity on Mallorca's east coast.
