Details:

A place that breathes history and has a future.

This completely legal stone finca between Campos and Felanitx is more than just a house - it is a way of life. Surrounded by 23,000 sqm of untouched nature, it is a refuge that combines historical soul with contemporary luxury. The view of the Sant Salvador monastery is like a painting that changes every day.

A total area of around 735 sqm - 230 sqm of which is pure living space - leaves room for everything that makes life great: retreat, encounters, hospitality. A main house full of character, a guest apartment with its own driveway and Mediterranean-style outbuildings provide freedom and possibilities.

Three bedrooms, 3 elegant bathrooms, open floor plans and ceilings up to 5 m high create an ambience that is both inspiring and grounding. Natural stone, teak wood, illuminated walls and a designer kitchen with a view of the patio lend every room a touch of exclusivity.

Outside, the Mediterranean lifestyle unfolds to perfection: a large saltwater pool with a 71 sqm sun terrace, an Andalusian patio with BBQ lounge, pavilions in old iron, flowering gardens with palm trees, fruit trees and fragrant plants. These are places for conversations, tranquillity and celebrations - always with a feeling of privacy and freedom.

Modernized in 2019, equipped with air conditioning, heating, alarm system, osmosis system, deep well and automatic irrigation, this finca is now a place where past and present merge - and the future begins.

A property for people who are not just looking for a house, but a place that touches the heart and soul.
