Details:

This charming traditional finca is located in a peaceful area of Algaida and offers, with a generous plot of approximately 20,000 sqm and a constructed area of around 479 sqm, plenty of space and numerous possibilities for development.

“A legalization project has already been submitted, so the pool and the garage can receive approval and the renovation work can then begin.”

In addition, a renowned architectural firm has already created a design concept showing how the finca could look once renovated.

The property enjoys a very quiet location and offers panoramic views stretching to the Tramuntana mountains – perfect for those seeking to combine Mallorcan tradition with the opportunity to create a truly personalized home.
