Details:

Clear architecture and a modern interior/exterior concept characterize this high-quality villa and create a harmonious living ambience. The well-kept property with private pool is situated in a quiet location, just a few minutes' walk from the beautiful Es Trenc beach.

The property, built in 2024, offers approx. 144 m² of living space on 2 floors. On the first floor, you will find a bright, open-plan living and dining area with a modern fitted kitchen. Floor-to-ceiling sliding doors provide plenty of natural light and lead directly onto the spacious terrace and pool area, allowing the indoor and outdoor areas to merge seamlessly. This level is complemented by a double bedroom and a stylish shower room - ideal for guests or comfortable living on one level.

On the upper floor there are 2 further bedrooms, each with its own bathroom. A spacious terrace with pool views is accessible from the hallway as well as directly from both bedrooms. Large windows create a bright, open feeling of space and connect the indoor and outdoor areas in a special way.

The outdoor areas have been significantly upgraded by extending the terraces. The main terrace covers over 100 m² and flows seamlessly into the pool area - ideal for relaxing or socializing.

The high-quality fittings include large-format ceramic flooring, a modern fitted kitchen with Siemens appliances and Silestone worktops as well as elegant bathrooms. Double glazing, security doors and central air conditioning with aerothermal hot water system ensure contemporary comfort with energy efficiency class A.

Electric shutters on all floor-to-ceiling windows provide complete blackout, improved thermal insulation and additional security. This is complemented by an electric entrance gate, a water filtration system and an alarm system with door sensors and interior cameras - ideal conditions for a comfortable and low-maintenance second home.
