Details:

This wonderful idyllically-located manor house dates from 1907, and is painted a brilliant golden yellow and surrounded by a lush garden, presenting an oasis of tranquility on the outskirts of the village of Sant Lluís, less than 5 minutes walk from the town centre and its amenities.

With its listed historic facade its style reflects the prosperous years of the great landowning families after years of British sovereignty. Details of this period still exist, including the green-painted main door, the lovely hydraulic tiles and the original stucco walls with period frescoes that are still regularly maintained.

The entire property is spread over 3 plots totaling almost 2.000 sqm.

Situated on the largest plot is the house itself, which was enlarged with 2 extensions on either side of the original building.

The other 2 plots house a large swimming pool with shaded terrace, and a pool house with WC and roof terrace.

Access to the property is via 2 entrances with the original gate and a further gate from a different street surrounded by a high wall preserving privacy.

Upon entering, a majestic hall reminds of former times. It leads to 3 rooms, once used as offices, bedrooms or dining rooms, which extend into a former terrace which is now covered and enclosed.

Also on the ground floor is the master bedroom with en-suite bathroom and access to a former conservatory. and a fully-equipped fitted kitchen opening on to a large covered terrace bordered by a lush garden.

Currently the 1st floor consists of 3 rooms with fitted wardrobes and a bathroom, but its large area makes it possible to redistribute the entire floor if required. From this level there is also access to a roof terrace with views over the town and the surrounding nature.

Further features include a large garage/outbuilding, and an exterior laundry room with roof terrace.

This unique property presents a rare opportunity to become your dream domicile or holiday home, or simply as an investment project.
