Details:

Situated 300 m from Binisafua Playa beach, the Cap d'en Font platform and all the little spots hidden in the rocks to access the crystal-clear turquoise waters of this southeastern Menorca location.

The urbanization of Binisafua Playa is very pleasant thanks to its proximity to Sant Lluís and Binibeca, and also to the fact that many people live here all year round.

This pretty house, built in 2004, is healthy and very bright. With its good east-west exposure, it is protected from the strong summer sun and stays cool even with all the windows and bay windows open. It is also equipped with air conditioning and gas central heating, so you can live in it all year round.

The 567 sqm fenced plot requires little maintenance.

Outdoor parking, terrace and pool area are on the opposite side of the street, which is not very busy. The pool area is very pleasant thanks to a porch with lounge and also a pergola with a very large table and barbecue area.

On the first floor, after a small entrance hall, there are 2 bedrooms and a bathroom, plus another room used as an office or spare bedroom.

Next we find the fully-equipped living-dining room with American kitchen, opening onto the terrace with porch and swimming pool.

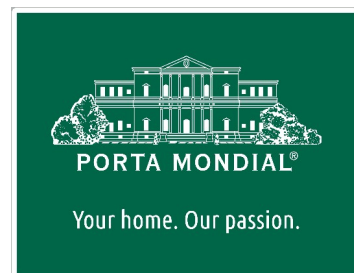

This first floor has several openings for easy access to the outside of the house.

On the second floor is the master bedroom with its en suite bathroom and a very large terrace from which you can enjoy a view of the urbanization and part of the sea.

This well-designed villa is sold with all furnishings except for some personal items, and requires no major work for immediate occupancy.

Two old windmills are located there and there is also a prehistoric settlement from the 10th. To the 2nd. Century BC, the Poblats de Binissafullet. A number of small municipalities belong to San Lluís, one of the best known of which is Punta Prima with its lighthouse and beach on the rocky island of Illa de l'Aire.
